

The Consumer Protection Safety Improvement Act of 2008 created specific standards for items that are designed for, and intended for use by children 12 years of age and under. Bullet Line has taken the position that our products are not designed or intended for this market. However, we understand that some customers do want items that can be sold to a young market. We offer a selection of items that have been evaluated and tested by CPSC approved 3<sup>rd</sup> party laboratories, and do meet the appropriate CPSIA requirements for Children’s items for ages 8+.
